Friday 8:30 a.m. - 3:30 p.m.

Marquip Supporting Electronic Boards

System Control and Communication

Troubleshooting

Conclusion

**NOTE:** It is highly recommended that maintenance personnel be somewhat familiar with order entry and configuration screens of the DECC computer. This allows more time to be spent with the specifics of the configurations and manipulation of the DECC computer.

*Please discuss this with the Education and Training Department after reviewing this agenda. This has been written for all possible machines; some equipment may not apply for a particular class and will not be covered. Specific order for class may vary upon equipment presented.*
